PLATFORM BEEN WRITTEN BY HIM

Vice Presidential Side Tracked In General Interest By
the Platform Rose to Be Temporary Chairman--
Boom for Bryan For Running Mate--Bryan Has
Complete Control of the Kansas City Convention--Sen-
ator Hill a Sure New York or Indiana to Fur-
nish the Vice.

Lincoln, Neb., July 2.—[Special Tele-
gram]—National committee
and Treasurer of Illinois
came in during the
booth friend Bryan up
the sixteen to one propo-
sition he predicted over the
platform, but don't
sacrifice that issue.

From inside source the informa-
tion that the platform
Bryan alone is it was read to
Senator Hill and to the latter's
liking but a demagogue made the
assertion that Hill in line.

The first plank in the Chicago
platform is direct legisla-
tion endorsed; legislation against
corporations was stock; constitu-
tional amendments direct election
of senators; mill denounced; im-
mediate conquest of the Nicaragua
canal; arbitrary labor; black-list
denounced; govt by injunction
opposed and an income tax.

Hill's opinion on Bryan's
platform was the telepho-
ne said; "Bryan as to a new
declaration of sixteen to one
are unchanged Hill was near
about; "There is no court in
the platform and it still hold to the
platform."

National Committee Meets
Kansas City, July 2.—[Special
Telegram]—Chairman Jones called the
national committee to order
at 10 o'clock this morning to
hear reports of the sub-commit-
tees. Fred Williams made a
report on the Montana case. The
committee which was adopted, and
Clark people wanted to get the

FOR DAVID ROSE'S CHOSEN
Temporary Chairman of the
National Convention.
City, July 2.—Mayor Rose of
Chicago has accepted the temporary
chairmanship of the national
convention.

He arrived here from the
yesterday morning, and was
to meet the sub-committee of
national committee. It was ex-
pected that the honor would go to Wis-
consin because of the great interest it
has in getting the national con-
vention to Milwaukee.

Mayor Rose submitted his speech to
Chairman Jones who went through it
fully to see if there were any points
which would be likely to make
the silver men bitter. The tem-
perament of the speech is to be made
the nature of oil on trouble waters.

An arduous task for Mr. Rose.
He has been to the occasion. It is
his speech will be one of the fea-
ture of the convention. It is not con-

sidered an easy thing for any orator to
say things that will not tread on the
toes of some one in the heterogeneous
crowd that always attends a democratic
convention.

TO NOMINATE BRYAN JULY FOURTH
Outline of the Convention Program at
Kansas City.
Kansas City, July 2.—Mr. Bryan will
be nominated on the Fourth or prob-
ably some time before midnight Wed-
nesday unless unexpected obstacles
arise. Preparation for it has been made
in formulation of the preliminary pro-
gram. Here is the "map" of how it will
be done:

The convention can easily effect per-
manent organization and reach the order
of nominating Wednesday unless there
should be a protracted session of the
committee on credentials. The only
contest which might take up the com-
mittee's time is the Clark-Daly fight in
Montana.

The national committee has under-
taken to settle the Clark-Daly contest
on its merits for the temporary organi-
zation.

Loss of Life New York Steamer
and Do Fire Will Reach
fully 300.

New York, July 2.—[Special Telegram]
—The fear of life and property
caused by the fire which broke out at
the docks of the North German Lloyd
company in Hoboken Saturday, cannot
be approximated by any degree of cer-
tainty. Conservative people who have
experienced the docks are of the
opinion that more than 300 lives
were lost.

Charred bones, thought to represent
four bodies were found in a stateroom
on the upper deck of the steamer Main
this morning.

One of the officers of the steamship
Bremen today that there were fully
300 victims on board that vessel when
the fire broke there, the majority of
them big women. A boat was lowered
from the Bremen shortly after the alarm
had been given but the craft capsized as
it touched the water and all hands were
precipitated into the water and none of
them were saved by those remaining on
the ship. This in itself would indicate
that the list of dead may be larger than
it is first thought to be.

but fifty bodies have been recover-
ed half of which have been identi-
fied. The bodies of many victims will
not be recovered until the burned vessels
are swept out to sea or are buried
in mud near the Jersey shore.

The estimates of the property loss
from \$5,000,000 to \$15,000,000.
If something definite is learned re-
garding the value of the cargoes and
merchandise on the pier it will be impos-
sible to make a closer estimate.

WARM WELCOME
TO ROOSEVELT

Rough Rider Greeted by an Immense
Crowd of Enthusiastic People
at Kansas City.

Kansas City, July 2.—[Special Tele-
gram]—Ten thousand people welcomed
Roosevelt on his way to Oklahoma this
morning. The rough rider was an hour
late. The crush was something tremen-
dous and a number were slightly
injured. Many women fainted. There
was a large reception committee, in-
cluding twenty members of company B,
Twenty-first Kansas, Funston's boys.
The crowd was so great that Roose-
velt's words of thanks reached but a
few and in a few minutes he was whisked
away in a private car toward Oklahoma
City.

KEMPFF REPORTS
THE OREGON SAFE

Hopes to Have Her in a Japanese Dry
Dock Some Time This
Week.

Washington, July 2.—[Special Tele-
gram]—Admiral Kempff cables that the
Oregon is not in a dangerous position
and that he has sent three navy vessels
to her assistance.

He hopes to have the warship in a
Japanese dry dock before the week ends.

LIVERYMAN LOOKING
FOR TWO WOMEN

Fort Atkinson Man on the Trail of Two
Females, Who, He Claims, Are
Doing Crooked Work.

A Fort Atkinson liveryman named
Winch, was in the city this morning
looking for two women engaged in man-
ufacturing hair goods. Mr. Winch
claims they are working the community
and keeping all the hair entrusted to
them for manufacture. Their plan is to
go into a town, engage board with some
well known people who they use as re-
ferences, then make a canvass of the
city and surrounding country. In almost
every case they have succeeded in work-
ing the liverymen for rigs, and the peo-
ple they get the hair from. Liveryman
Winch could find no trace of them in
this city, and went on west toward Mon-
roe.

BAY VIEW MILLS STILL CLOSED

Steel Mills Will Not Be Reopened until
New Wage Scale is Accepted

Milwaukee, Wis., July 2.—The Bay
View rolling mills are closed, and will
remain so until the new wage scale is
agreed upon. The old scale expired
Saturday, and the 1,600 men employed
in the mills knew there was to be a shut
down. There are some complications
which may cause the mills to be id-
le longer than is usually the case when
the wage scale is to be adopted.

LEGATIONS ARE BESIEGED
ALL FOREIGNERS IN PERIL

Great Powers Certain to Declare
War Against China.

THE SITUATION HAS GROWN DESPERATE

Confirmation of the Report That Baron von Ketteler Has
Been Murdered—Probable That Not a Foreigner In Pek-
ing Is Alive—Foreigners Warned By the Empress That
She Can Afford Them No Protection—Situation In Shan-
tung Extremely Critical—Mission Destroyed and Ameri-
cans In Peril.

Washington, July 2.—[Special Tele-
gram]—The following cable was re-
ceived from Kempff this morning:
"July 1—A runner from Peking reports
that the legations are besieged, provi-
sions are nearly exhausted and the situa-
tion is desperate."
"The German minister, Baron von
Ketteler, going to Tsung Li Yamen was
murdered by the Chinese soldiers."

"The American, Italian and Dutch le-
gations were burned and the inmates
butchered."

"Twenty thousand Chinese soldiers
are inside and thirty thousand outside of
Peking and three thousand are reported
bound for Tien Tsin."

"There is still fighting at Tien Tsin.
Connections with Tien Tsin by rail and
river are insecure."

American Missionaries in Danger
London, July 2.—[Special Cable-
gram]—A Shanghai dispatch says that
the Rev. Chalfant and the Misses Bough-
ton and Hawes, the American Presby-
terians, have fled from Wei Hien to the
German mines at Fang Tse where an at-
tack is expected. Rescuers have start-
ed. Gen. Auan Shih Kan has notified
the German governor of Kiao Chou that
he will not permit the German army to
proceed to Wei Hien to rescue the mis-
sionaries.

Butchery of Baron von Ketteler.
London, July 2.—Official dispatches
received by the consular body at
Shanghai, by express cable dated Shang-
hai, July 1, says, confirm in the fullest
manner the butchery of Baron von
Ketteler, the German minister on June
13.

The ambassador was riding on Lega-
tion street when he was attacked by
Chinese troops and boxers, dragged from
his horse and killed. His body was
thrown into the flames.

All Probably Killed.
Official confirmation of the ghastly
business has created the utmost conster-
nation among the consul generals of the
powers who expressed fears that war
will be declared against
the Peking government. The
consuls entertain little hope that any
foreigners are left alive in the capital.
There were 100 foreigners connected
with the legations, fifty in the custom
house, English and American tourists
and others to the number of 150 and
nearly 500 legation guards.

Official Confirmation.
The British Foreign office, the Daily
Mail learns, has received news from the
British consul at Chefoo that Baron von
Ketteler has been killed but no other in-
formation.

A dispatch to The Empress from
Nankin, June 30, says:
Foreigners Publicly Executed
"French priests here have received re-
ports from Peking that the public execu-
tion of foreigners had been in progress
since June 20. The news comes by
runners from French priests at Peking
who state that they administered the
last rights to the condemned men."

Foreign Troops Arrive
Nankin cables, dated Sunday, say that
Viceroy Liu Yun Yih received a tele-
gram from Gen. Liang on Saturday stat-
ing that the German minister had been
murdered at Peking. Yulu, who escaped
from Tiao Tiao to Pao-Ting-Fu, also
wired.

Situation Desperate. Implore your
highness. Foreign troops of eight national-
ities entering Peking to the number of
30,000 or 40,000. I cannot hold out
four days.

Tu Yun Yih has received this from
viceroy of Yushankai:
"Foreign troops victorious at Tien
Tsin. They will enter Peking immedi-
ately."

WISCONSIN CREW IN SECOND PLACE

COLLEGE BOATING EVENT WON
BY PENNSYLVANIA.

Badger Boatmen Won In the Freshmen Event—The Madison Boys Gained Honors at Poughkeepsie—It Was a Great Race and Thousands Saw It.

In a boat race fought to the very finish of the four-mile journey oarsmen from the universities of Pennsylvania, Wisconsin, Cornell, Columbia, Georgetown struggled Saturday at Poughkeepsie with that determination and grit characteristic of amateur sportsmen when the prestige of their college is at stake.

Ellis Ward's Quakers, meeting every spurt of the powerful Badgers with equal power, crossed the line between the long row of excursion steamers only three-quarters of a mile to the goal, with Cornell three lengths behind the westerners. Columbia and Georgetown too were in the race, but long before the end was in sight their chances had gone glimmering before the powerful strokes of their opponents.

Columbia hampered in training by changes of coaches was fourth, while Georgetown, a newcomer in intercollegiate rowing circles was not a discreditable last. In the freshmen event Wisconsin's youngsters were easy winners.

This great race at Poughkeepsie may now be regarded as the representative college aquatic event of America.

To it are welcomed all crews, that exclusiveness which marks the dual event at New London between Harvard and Yale being lacking. That old prestige still hangs around the names of Harvard and Yale, but the little lesson taught the sons of Eli and the Johnny Harvards in 1898 by Cornell's doughty crew raised the Poughkeepsie event to at least equal importance. Then, too, the presence of a western crew which can hold its own with the best from the east, raises the event in the interest of western collegians.

The time of the crews was: Pennsylvania, 19:44 3-5; Wisconsin, 19:46 2-5; Cornell, 20:04 2-5; Columbia, 20:08 1-2; Georgetown, 20:19 1-5.

After the race Coach O'Dea, whose freshmen defeated the youngsters from Pennsylvania, Cornell and Columbia, which finished as named, said he would have good material for next year and would try again for the coveted first position.

WISCONSIN ELECTS A CANDIDATE

Williams Chosen By the Badgers—Four Oared Race Today.

Poughkeepsie, N. Y., July 2.—The rowing colony has been depleted by the departure of Georgetown for home and Wisconsin for New York, where the Badgers will have a dinner tonight. The westerners will spend several days in New York, seeing the sights and having a good time before returning home.

The Cornell crew will elect a captain for next year on the train going home this afternoon. Captains of the other crews have been chosen as follows: Columbia, Stephen P. Nash; Pennsylvania, Arthur Pickwick; Georgetown, F. G. Kerns; Wisconsin, L. A. Williams.

A few of the Columbia men have gone home, but most of them will remain to see the four-oared race, which is set down for 10 o'clock this morning. Crews from Cornell, Columbia and Pennsylvania are entered, and the race promises to be a pretty one.

BICYCLE GIRLS

Are apt to overdo their strength. The rivalries of the road, the cheerful companionship, the exhilaration of the swift movement on the machine, all tend to make a woman unconsciously overtax herself. The results are often serious, and may affect the whole future of wifehood and motherhood.

Every woman who is conscious of feminine irregularities or disorders from strain or any other cause, should begin at once the use of Dr. Pierce's Favorite Prescription. It procures the favorite female irregularity and corrects all which are so debilitating, as the drains, nervous system, it makes weak, strong and women well.

"I had falling of internal organs and had to go to bed every month; had irregular monthly periods which would sometimes last ten or twelve days," writes Mrs. Alice L. Holmes, of Coaling Springs, St. Uniontown, Pa. "Had also indigestion so bad that I could not eat anything but the most bland food. Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' cured me. I took three bottles of the Favorite Prescription and one of the 'Golden Medical Discovery'."

Sick women are invited to consult Dr. Pierce by letter, free. All correspondence private.

Try to Burn Sleeping Falls.

Fergus Falls, Minn., July 2.—Incendiarists attempted to burn the house of Charles P. Hughes while he and his family were asleep in bed. Dry grass was piled against the door and ignited, but the smoke awakened the family in time to save them and the house. There have been strong suspicions of incendiarism in a number of fires here recently.

Boarder Took Advantage.

"What is the difference," said the new boarder, "between a dog with a tail and one without one?" The landlady gave it up, with a suspicious sniff. "Cause," he explained, "the one is curtailed and the other, talked cur." And during the confusion he stole the last piece of meat.

Alinslee's Magazine for July

Perhaps the most attractive topic in Alinslee's for July is "The Chinese Revolutionary Junta," an unsigned article. It deals with the great Reform Party in China and the work of its juntas, which are spread broadcast over the United States. The personality of John Philip Sousa is seized and admirably shown in an article by Henry T. Gardner. Two contributions of unique interest are "On Two Oceans," in which Carlos Gilman Calkins compares the Pacific with the Atlantic; and "How Religious Affect Commerce," by Cyrus C. Adams. "The Transformation of New York," by Earl W. Mayo, gives a birdseye view of the great Empire City of the future. "The Work of the Weather Bureau," by Theodore Waters, though seemingly a trite subject, contains much curious and valuable information. There is much of interest in "Star of Hope," by Hutchins Haggood, which is a careful account of the convict newspaper printed at Sing Sing. "The Electrical Home," by Frederick J. Nash, is full of hopeful prophecy for women at bay with the servant problem or the less fortunate ones who do their own drudgery of housework. Arthur Stringer contributes a story in the same vein as his "Loom of Destiny" series, which ran in Alinslee's some time ago. It is called the "Imperial Passion," and treats of the consuming ambition of a street arab to sit on the brass-studded throne of a bootblack. A weird tale of India is "Naja-Kallu," by Mary J. Safford. "The Outside," by Samuel Merwin, reveals a pathetic episode of life in a Western college. "The Compliments of the Chief," by J. Lincoln Steffens, is a true to life detective story, which will make you stare if you believe that all detectives work like Sherlock Holmes. Other fiction in this number is "Ten Years' Trial," by Brig Gen. Charles King, and "Tales of the Chemists' Club," by Howard Fielding. (Street & Smith, Publishers, New York.)

It has been demonstrated repeatedly in every state in the union and in many foreign countries that Chamberlain's Cough Remedy is a certain preventive and cure for croup. It has become the universal remedy for that disease. M. V. Fisher of Liberty, W. Va., only repeats what has been said around the globe when he writes: "I have used Chamberlain's Cough Remedy in my family for several years and always with perfect success. We believe that it is not only the best cough remedy, but that it is a sure cure for croup. It has saved the lives of our children a number of times." This remedy is for sale by Smith's Pharmacy, next to postoffice.

UNCLE SAM'S \$6.50 \$47 IN GAUTEMALA

Central America People Appear to Think Well of Our Money—Seven Times Its Face.

Some time ago the New Doty Manufacturing company sold a bill of goods to a firm in Guatemala and later the Guatemala firm ordered some repairs to the amount of \$6.50. A draft for this amount was mailed to the New York branch of the Guatemala house, but did not arrive on time. The result was the following letter written by the treasurer of the Guatemala house to the treasurer of the New York house:

Guatemala, Central America—Chas. W. Hand, Treas., 137 5th Ave., New York City, Dear Brother:—On April 3rd, 1900, I issued Money Order No. 3000 on you for \$6.50 payable to the New Doty Mfg. Co., Janesville, Wis. This was equivalent to \$46.00 local currency. The latter seems to have been lost. In case the Money Order has not been paid by you, please honor this instead and oblige. Yours fraternally, ED. M. HAYMAKER, Treas.

Uncle Sam's money appears to be pretty well thought of in Guatemala—\$6.50 in our money being worth \$47.00 in Guatemalan currency.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind and it gives great satisfaction. In these days of la grippe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by Smith's pharmacy, next to post office, kodak agents.

DELEGATES ARE ARRIVING

For the National Democratic Convention.

VICE-PRESIDENTIAL BOOMS.

Committees of the State Hard at Work
About the Big Hotel—Chairman Jones
Outlines the Features of the Coming
Platform in a General Way.

Kansas City, July 2.—All is bustle and activity about the various state Democratic headquarters in the hotels today. The bookers for the several vice-presidential candidates are particularly energetic.

Towne Booms at Work.

The friends of ex-Congressman Charles A. Towne are active. The headquarters of Mr. Towne in the Coates house was a scene of bustle all day. Mr. Towne himself spent much of the morning at the Hotel Savoy with Senator Pegrew of South Dakota, and the possibilities of Mr. Towne's candidacy being endorsed by the Democrats as well as by the silver Republicans were discussed. Later Mr. Towne met Dr. Howard S. Taylor and Eugene Smith two Chicago Populists. At Mr. Towne's request Dr. Taylor has written a poem entitled "Independence Bell," which is to be read after the prayer opening the convention of the national silver Republican party. In the afternoon Mr. Towne and General Corser spent some time with Colonel Van Horn of Kansas City, who is in congress with Mr. Towne. In discussing David B. Hill's visit to Colonel Bryan at Lincoln Mr. Towne said the occasion was significant. Ex-Judge Augustus Van Wyck and Harry W. Walker of New York have been around town meeting delegates and politicians. Mr. Van Wyck has a well-developed vice-presidential boom. He saw Mr. Croker, ex-Senator Murphy, Chairman Jones, Elliot Danforth, chairman of the New York state executive committee; Chairman Campbell of the state committee, and other Democrats of note, and many of the delegates who have arrived in town so far. He went to church, and after the service a number of the congregation shook hands with him. The Southern delegates particularly are pleased with Judge Van Wyck because his birthplace was south of the Mason and Dixon line.

Shively's Friends Are Active.

Shively of Indiana and Benton McMullin of Tennessee are popular among the Illinois delegates, and the Shively boomers hope to capture the Illinois delegation on its arrival. The time that the delegation will get in is one of the problems of the convention crowd. Several of the Indiana Democratic delegates called upon Mr. Croker and represented that as New York went so did Indiana in presidential elections and suggested that, as the delegations from these two states, acting in unison, would have greater weight, it would be wise for both delegations to act together. The callers included Hugh Dougherty of Bluffton, G. V. Menzies of Mount Vernon, and James Murdock of Lafayette. They told Mr. Croker that only a platform which would suit New York Democrats would go in Indiana and declared that, in their opinion, a reaffirmation of the Chicago platform was all that should be attempted. A further conference between Mr. Croker and the Indiana delegation is to be had. The Indiana delegates will hold a conference in the Coates house. Before they left for Kansas City B. F. Shively told them that he was not a candidate for vice president, and that his friends should not attempt to advance his interests in that connection until more of the delegates from Indiana got here and considered his position upon this question. Whether Mr. Shively's friends will put him forth as a candidate for vice president in spite of his lack of desire to become a candidate will be determined by the delegation conference.

Talk of Carter H. Harrison.

There are indications that Carter H. Harrison, mayor of Chicago, may become prominent as a factor in the vice presidential situation. The Iowa people, led by Cato Sells, started the boom for him. The Illinois delegates who are here say they will support him, of course, if he will consent. Mr. Sells asked Thomas Gahan, national committeeman for Illinois, to telephone Harrison, asking him to become a candidate. In view of the fact that the mayor will be here Tuesday morning, Mr. Gahan thought it best to wait till then.

Delegations Are Arriving.

Up to date the only real fight in the convention centers about the declaration of the platform on the money question. There are plenty of other issues, including the vice presidency and the chairmanship of the next national committee, but they all depend absolutely upon the settlement of the platform question.

Less than half a dozen state delegations in full have yet arrived. That of Pennsylvania is the only big one. It came in sixty-four strong, with ex-Gov. Robert E. Pattison and James McGuffey, national committeemen, in the lead. They immediately opened headquarters in the Baltimore Hotel and have received callers all day.

Chairman Jones on the Platform.

"The platform has already been made by the course of events," said Senator Jones, chairman of the national committee. "The people have dictated it long in advance of the convention. It exists in all save the verbiage. The principles stand out bold and defined. There is not a bit of haze surrounding any issue of the coming

campaign. What will it be?" said the senator, continuing. "It will be the opposite of the Republican platform as the nominee will be the opposite of Mr. McKinley, as the Democratic party is the antithesis of the Republican party. It will be a reaffirmation of the Chicago platform. It will protest against the subjugation of the people of Porto Rico and the Philippines. It will insist upon the fulfillment of the pledges to the struggling Cuban patriots—a pledge which the Democrats in congress wrung from a hesitating administration and which they made the rallying cry in the war for freedom. It will speak in no uncertain voice as to the policy to be pursued toward the people of these islands. The Democratic party will go on record as opposed to colonialism and in favor of self-government for the people of Porto Rico. It will strike a blow at the insidious danger of militarism.

"It would not be a Democratic platform without an assurance of protection of the people against the crushing influence and effect of trusts and monopolies. It will assert sympathy for the Boers and denounce the administration that stood by and left a heroic people to be crushed out by British oppression. It will be an American platform. These are the cardinal principles that are stirring and actuating the people of this country. There may be other plans on other issues not so prominent in the public eye and mind, but in consonance with Democratic tradition and Democratic ideas. I do not want to be placed in the attitude of dictating a platform for the party. I would not dictate such a platform. The convention is able to take care of itself and its representative men are competent to build a platform symmetrical and firm. What I have said is nothing new. The platform I have outlined is the platform Mr. Bryan has outlined in the North American Review for June. He is the unanimous choice of the Democracy of the nation for the nomination. He has indicated what he wants. He has not hidden his views. He has not imparted them to a few nor sought to becloud them. He has written his views on the issues of the campaign. Undoubtedly his wishes will be respected. On such a platform as he has indicated he is prepared to go into the campaign. He will go into it on these issues.

"Do you want to know more about the platform? Read his article and repeat his strong and emphatic language. I have heard of no one in the party who has protested against a single one of the issues which Mr. Bryan has placed to the front. I do not apprehend that there will be any protest in the convention. The nominee has been designated by the people in advance of the convention. The issues have been the outgrowth of events. They are few and simple, as deeply interesting to the people of the nation as the life of the nation itself."

The vice-presidential candidates, Shively of Indiana, Towne of Minnesota and Sulzer of New York, arrived today. Mayor Augustus Van Wyck of New York, a delegate at large, arrived about the same time as Sulzer.

Rush Work on Big Hall.

Although the Convention hall committee has predicted confidently ever since work was begun on the new hall that it would be completed in time for the convention, still the enormity of the task made Kansas City more or less uneasy. But to-day Kansas City is rejoicing at the completion of a tremendous undertaking.

The frantic work was carried on Sunday by the army of carpenters, masons, and decorators, and that is went on with undiminished energy Sunday night, will make the hall fully ready even for the band concerts which are scheduled to take place as a sort of preliminary house-warming.

WHITEHEAD AND DANE

Madison State Journal—A feature of the political drift in this section is the growing favor in which State Senator John M. Whitehead of Jamesville, is held. Mr. La Follette is such a vigorous and confident man in his methods that, like the boy who told his mate "there would be no core," so "Bob" wouldn't concede that there is to be any second choice to Dane county's 37 delegates to the Milwaukee convention. However, it is well known that some of them are very friendly to Whitehead and have given some assurances that they may be counted upon. Whitehead is a most attractive personality, a great big mountain of a man, with a smooth, moon-face, with a kindly twinkle in his eye but firmness being the besetting quality. Whitehead takes life seriously and is devoid of humor and at times gives the impression of being heavy. As a speechmaker at banquets when their is nothing in particular to be said, he disappoints; but when the Jamesville speaker gets waked up, as in a debate, he has a thundersome voice, his face gets radiant and he has one the impression of being a good deal of a man. If he had had Abe Lincoln's sparkle, he would belong in Old Abe's class. Thus far he has lived a quiet life as a practicing lawyer and it is only during his two terms in the senate that he has been dealing with public affairs. He will grow, however, and it is not at all impossible that a very large future may open before him. His strength is his integrity and the confidence that he kindles in men that he deals in justice, fairness and right. There are many little men who practice these things, but when a man of Whitehead's ability in large affairs and possessed of his power of attracting integrity it makes him a power. The senators who worked with Whitehead are his most earnest champions; even those who collided with him in the senate. To meet the man is to become an admirer and it is altogether likely that when he opens headquarters at Milwaukee the delegates from the northern and western parts of the state who have not yet clasped his hand and heard him talk may come under his influence to a remarkable degree. The hypnotic influence, in other words, is not the exclusive possession of Mr. La Follette.

The Lake Geneva Herald says Mr. Whitehead will get the support of the First District, speaking as follows:

The candidacy of La Follette, in some sections, has caused a little ripple on the surface of state politics, but it made no difference in Walworth county, which is for the candidates from its own district—John M. Whitehead. Whitehead has everything in his favor, for he is a clean man, a man of ability and he has never known to sulk or refuse to play when the game was going against him. La Follette is a campaigner of experience—for La Follette. His course in the last two political campaigns demonstrated the fact that, in his case, it is self before party or principle.

David Thorne, county school superintendent for the Second District, is a candidate for a re-nomination, and so far as is known, has no opposition. Superintendent Thorne is one of the best educational workers in the state, and will be chosen, or will be again chosen, to fill his position, by acclamation.

The horror at New York only enhanced the horror at too many precau-

tions cannot be taken against "the red destroyer." Fire does its work thoroughly and relentlessly. Jamesville has been fortunate, but the excellent fire department also deserves great credit. The department is maintained at a very high standard and should be kept on that high plane.

The U. W. boat crews are all right, too.

BRYAN IS FOR SILVER

Continued From page 1.

boom spread quickly and soon all the candidates now openly in the field began to tremble for their chances, though they still continued to search for newspaper men in order to be interviewed on their own growing strength.

Bryan Firm for 16 to 1.

Kansas City, Mo., July 2.—William J. Bryan has taken the bit in his teeth and threatens to run away with the democratic convention on the 16 to 1 proposition. Word came from Lincoln today through a source which the democratic leaders here regard as authoritative and inspired that Mr. Bryan insists that the democratic platform must contain a plank which will declare in specific terms for the free and unlimited coinage of gold and silver at the ratio of 16 to 1, without the aid or consent of foreign nations. The man who brought this news from Lincoln to the democracy leaders said that Mr. Bryan had told him that unless the ratio was placed in the plank in the platform the convention would have to go elsewhere than to Lincoln, Neb., for its presidential nomination.

J. M. CLANCY WANTS D. B. HILL

Wisconsin Delegation Awaiting to Hear From the Silver Leader.

Kansas City, Mo., July 2.—The advance guard of the Wisconsin delegation headed by Mayor David S. Rose of Milwaukee and J. M. Clancy of Madison, who holds National Committeeman Wall's proxy, arrived yesterday. Mayor Rose was non-committal on the question of the vice presidential nomination. "I am not in a position to say what action the Wisconsin delegation will take," said he. "I have had very little communication with the members of the delegation and until we can get together and talk over the situation it would be useless for me to say who we will support for the nomination. The full delegation will not be here until tonight probably."

"How about Hill?"
"Well Mr. Hill has friends wherever you will find Democrats," he replied.
Committeeman Clancy, however, was very pronounced in his advocacy of the nomination of Hill. "We want a man who can carry New York against Governor Roosevelt," said he. "Hill can do that. He will bring more votes to the ticket than any man we can put up, and I believe he will be nominated. There is a very strong sentiment in his favor among the members of the Wisconsin delegation with whom I have talked and I believe there will be a regular Roosevelt boom developed for Hill before the convention is called to order. Among the Wisconsin delegates the nomination of Charles A. Towne is not regarded with favor. Towne is an impossibility. Don't you think so?" he asked, turning to Mayor Rose.
The latter nodded assent.
A specific free silver plank in the platform did not find supporters in the delegation, most of those who cared to say anything at all favoring the simple reaffirmation of the Chicago platform.

EXECUTION OF FOREIGNERS

Goes on Publicly in China—French Priests at Peking Administer Last Rites to Condemned Ones—China Calls for Defenders.

London, July 2.—Official dispatches received by the consular body at Shanghai, an Express cable dated Shanghai, July 1, says, confirm in the fullest manner the report of the butchery of Baron Von Ketteler, the German minister, June 18. The ambassador was riding in Legation street when he was attacked by Chinese troops and Boxers, and dragged from his horse and killed. His body was hacked to pieces with swords. The German legation and six other buildings were burned and a number of servants of the legations were killed and their bodies thrown into the flames.

Powers Declare for War.

Official confirmation of this has created the utmost consternation among the consuls general of the powers, who express fears that war is a possibility will be declared against the Peking government. The consuls entertain little hope that any foreigners are left alive in the capital. There were 100 foreigners connected with the legations, fifty in the custom house, English and American tourists and others to the number of 150, and nearly 500 legation guards. The British foreign office, the Daily Mail learns, has received news from the British consul at Chee-Foo that Baron Von Ketteler has been killed, but no other information.

Public Executions in Peking.

A dispatch to the Express from Nankin, June 30, says: "French priests here have received reports from Peking that the public executions of foreigners has been in progress since June 20. The news comes by runners from French priests at Peking, who state that they administered the last rites to the condemned men." Nankin cables, dated Sunday, say that Viceroy Liu Yun Yih received a telegram from General Yulu Saturday stating that the German minister had been murdered at Peking. Yulu, who escaped from Tien-

Tsin to Pao-Ting-Fu, also wired: "Position desperate. Implore your help. Foreign troops of eight nationalities entering Peking to the number of 30,000 or 40,000. I cannot hold out four days."

Liu-Yin-Yih has received this from Viceroy of Yunshikai: "Foreign troops victorious at Tien-Tsin. They will enter Peking immediately."

China Calls for Defenders.

Two secret imperial decrees have fallen into the hands of foreigners, according to a special dispatch from Shanghai, dated Sunday, which says the first, dated June 30, rectifies events around the capital and attributes the trouble to religious fanaticism against Christians, leading to violent outbreaks, which the government is unable to suppress. Foreign troops are between Taku and Peking, and the foreign relations have reached a desperate point. The government, therefore, calls upon all the viceroys and governors to show their loyalty to the throne and to raise armies and funds in defense of Peking and to defeat foreign dictation.

Empress Unable to Give Aid.

A dispatch from Shanghai says: "The British consul at Chee-Foo telegraphs that Baron Von Ketteler, German minister at Peking, was murdered by native troops June 18. Three legations—it is not stated which—were still undestroyed June 23. The American consul here states that Yung Lu telegraphed June 26 that the other ministers were safe that morning, but the situation was desperate and he doubted whether the ministers could hold out twenty-four hours longer, as he and the empress could not longer give protection."

Coxey Gives Food for Work.

Every man who applies at Coxey's quarry near Massillon, O., can get work. All tramps have heard of Coxey and it is a favorite game of theirs to apply to him for work on Saturday afternoon. They are given good meals and comfortable beds, not having to work on Sunday. When Monday comes they make their escape. Two men tried this recently but Jesse Coxey, son of the "general," brought the runaways back at the point of a revolver and made them work out the price of the comforts they had received.

Cost of Recent Wars.

It cost Japan \$76,000,000 to whip China. This will be a mere bagatelle by the side of the sum England will have to pay for his disagreement with Mr. Kruger and by the side of the money it will cost this country to finish up all the details of the small war with Spain and Spanish colonies.—Dallas News.

ALL READY FOR FOURTH OF JULY

Grandest and Most Spectacular
Carnival Ever
In Janesville

WORK IS WELL IN HAND

Proclamation By Chief Hogan
In Regard to Keeping
Things Orderly.

PARADES WILL BE SUNDAY

The city marshal takes the method of announcing to the public in general that during the street carnival to be held on the evening of July 4th unusual precaution will be taken to protect every one against all kinds of boisterous conduct or rowdiness. The use of large fire crackers or other dangerous fireworks is prohibited and anyone indulging in unruly conduct of any kind will be promptly arrested. A number of special police will be on duty and they will be instructed to so perform their duties that while they will not interfere with any harmless amusement they will not allow it to go beyond the bounds of decency.

JOHN W. HOGAN,
City Marshal.

Preparations for the grandest celebration ever held in Janesville on the Fourth of July are about complete. The committees have been working night and day to get the details of the different departments in ship shape and can now see the glorious finish. With good weather and nothing unforeseen coming up to block the plans everything will move off as set forth in the program. Geo. D. Simpson, chairman of the amusement committee, has been to considerable personal expense and trouble to secure the best possible vaudeville performers for the grand free street exhibitions and gives his personal guarantee that the people secured are first class.

Vaudeville Entertainment
The following will be the vaudeville acts at the different stands erected on the streets.

Kid Able and Young Gards—Boxers.
Three Constantine Sisters—Singers and acrobatic dancers.
Brazil Brothers—Comedy acrobats.
George F. Thompson—Comedian.
Howard and Moore—Character comedians.
Van Brothers—Musical act.
The DeMott—Aerial artists.

The street shows will be conducted all the afternoon and evening except when the parades are in progress.

First parade at 10 o'clock.

While the fun will begin early in the morning of the Fourth the official celebration will commence with the morning parade at 10 o'clock. The committee held meeting last evening and chose the judges who will decide the winners of the prizes in the various displays.

First D. Kimball, F. C. Cogswell and Dennis M. Hayes will be the judges for the following displays: Calisthenics, 3 prizes; most comical farmer rig, 3 prizes; most comical troupe representing any local society for first prize; most comical man on foot, 2 prizes.

Wm. Madden, E. C. Johnson and T. L. Acheson will be the judges for the three prizes offered for the finest farm display on wagon. H. D. Johnson, Dan Ryan and Graham Caldwell will judge the best pig display by boys and girls under fifteen years of age, for which the prizes are offered.
C. C. McLean, Frank E. Field and H. G. Carter will judge the finest decorated city carriage, two for four occupants.

The best decorated bicycles, both boys' and girls', will be judged by D. Mayne, Fred Baker and J. Wilkinson.
W. T. Vankirk and T. Burns will be the judges of the best floats from any town in the county.

Firmation of Parade.

The two-horse and four-horse floats will form a school strag, the one-horse floats and carriages on Center street and the bicycles and calisthenics on Pleasant street.

Line of March.

The morning parade will form on Academy street, march east, on West Milwaukee street to River street; south on South River to Pleasant; east on Pleasant to Main; north on Main to Milwaukee; east on Milwaukee to Bluff; north on Bluff to Prospect avenue; west on Prospect avenue to Main; south on Main to Milwaukee; west on Milwaukee to Corn Exchange square, where the parade will disband.

The military companies and other organizations will then escort the speakers to the court house, park where the patriotic exercises, of which F. L. Clemons has had charge, will be held.

The Military Company, Goddess of Liberty, Grand Army and Fire Department will form on the Corn Exchange.

All floats to be entered for prizes must be reported to F. E. Winslow, C. D. Childs, Recorder of Gazette's office. No prize will be awarded to any person not having entered his name. All entries must be made before 7 p. m. Tuesday night.

The circus parade given by the famous Nonesuch Brothers, will be the main attraction of the afternoon and will move promptly at 3 o'clock. Nothing additional needs to be said of this parade or of the carnival at night for everyone knows what great events they will be.

W. E. Evenson, chairman of the decoration committee, is hard at work, and the streets will be gay with bunting. At night a string of lighted lanterns will be extended up both sides of the main streets.

The line of parade for the evening

carnival will include south on River street to Pleasant and counter march; also west on Milwaukee to street one block west of Academy.

HAS REACHED THE MIDDLE OF RIVER

WORK ON SNIPE HILL TRESTLE IS PROGRESSING RAPIDLY.

Contractors Begin Work On the Rock Cut—Road Bed From the East Is Nearly Completed to Janesville—Rapid Work On Construction of the Janesville & Southeastern Road.

Work of the Janesville and Southeastern railroad is progressing rapidly from this end of the division, the immense trestle from Snipe hill to the south end of the C. & N. W. bridge at Monterey has reached the middle of the river. A few days more will see that part of the work completed.

The contractors this morning hauled the dump cars over the Monterey bridge to the old quarry on the southwest side of Center avenue south of the bridge and commenced work on the rock cut which at that point will extend under the N. W. tracks.

When this is made and connection made with the large trestle across the river, the filling across the flat, through the Bailey property will be carried on from Snipe hill. A large amount of earth and gravel will be taken from that point to make the fill.

The road bed from the east is nearly completed to line of the North Western side tracks near the Choate Hollister factory. When connections are made with the track now being constructed toward Spring Brook from the Mineral Point division of C. M. & St. P. R. R., the work of grading will progress much more rapidly, as it will allow the contractors to bring larger steam shovels and heavier dump cars to the different points along the line, where deep cuts and heavy fills make them necessary.

Every day brings the work nearer completion and makes people realize that in a short time a railroad will be in operation along the line of survey.

WICKED RUN DOWN MILWAUKEE STREET

Horse Attached to a Light Road Wagon Made Things Lively Late Last Evening.

A horse attached to a light wagon made a wicked run down Milwaukee street Sunday night about 9:30 o'clock. He narrowly missed several people in buggies, in his wild rush and in front of Nash's grocery took to the sidewalk, making the people in front of several places in that vicinity seek safety by dodging into doorways and stairways.

He took to the street again before he reached the First National bank corner and continued on across the river to Main street where several people tried to stop him but failed. He ran south on Main to Court street and turned west going across the bridge on a keen jump. The last seen of him he was still running and going west on Pleasant street.

The horse belonged to a young man residing in the country, who left him hitched to a post near the depots, the horse became frightened, broke the strap and ran down the street. The owner of the rig was in town this morning, looking for his harness. He said the horse was not hurt and the wagon not badly damaged but he could not find his harness. From the way things looked when the horse came down Milwaukee street the young man is exceedingly lucky.

SAME NUMBER OF SALOONS

Forty Applications For Licenses Had Been Made Today

Indications are that Janesville will have about the same number of saloons for the coming year that they had during the year just passed. Up to 3 o'clock forty applications for license had been filed with City Clerk A. E. Badger, the only new application so far being that of J. H. Watson.

The excursion from Watertown, Wis., over the C. & N. W. R. R., arrived at this city yesterday morning at 10 o'clock. After marching through the streets headed by the Watertown band the party boarded the Steamer Columbia for Crystal Springs; where the day was spent in out-of-door sports and in wandering through the shady groves. The weather was perfect for an outing and all interested enjoyed themselves immensely. A large number of people from this city took advantage of the opportunity to go up the river and joined the crowd of excursionists. The Watertown party left for home on a special train at 10 o'clock and all appeared well pleased with the day's entertainment.

DROPPED WATCH FROM TRAIN

Prof. J. S. Taylor Got Back Him and a Few Wheels.

Prof. J. S. Taylor of this city, while on a trip to Milwaukee, had the misfortune to drop his watch from the train between stations, while the train was running about fifty miles an hour. He notified the conductor of the train, and the station agent at the next station. Some section men were sent back to look for it. This morning Mr. Taylor received a small box containing what was left of the watch, being a few small pieces of the rim of the case and one or two wheels. These, Prof. Taylor will use as mementos of the trip.

GASOLINE STOVE WAS TIPPED OVER

FOURTH WARD WOMAN DOING HER WASHING CAUSED IT.

Home at No. 7 Park Avenue Occupied By Ira Bryant and His Family Was Slightly Damaged By Fire This Afternoon—Owned By W. H. Blair.

At one o'clock today an alarm of fire turned in from box No. 47, located at the corner of Park avenue and Galena street, called the fire department to a house at No. 7 Park avenue, occupied by Ira Bryant with his wife and child.

On the arrival of the department the fire was found to be in the rear of the house, which is a one-story, frame building with a summer kitchen attached and it was in this kitchen that the most of the fire was found. The flames had made considerable headway, but, by the use of the extinguishers and one stream of water, were soon put out.

The fire was caused by the tipping over of a gasoline stove located in the summer kitchen used by Mrs. Bryant to do her washing. Mrs. Bryant attempted to remove a wash boiler of clothes from the gasoline stove, when by some means the stove was overturned, spilling the contents and causing it to ignite. The whole room was immediately filled with fire and Mrs. Bryant rushed into the street, calling for help. Neighbors carried out most of the furniture, and on arrival of the fire department, the fire was confined to the summer kitchen and one room in the main building. Mr. and Mrs. Bryant's loss from fire and water will probably amount to seventy-five dollars, with no insurance.

The house, which is the property of W. P. Blair, carried an insurance of six hundred dollars in the agency of Hayner & Beers.

FOR OUTING WEAR.

New Fads in Bathing Dresses, Golf Suits and Summer Millinery.

Everybody of my acquaintance is preparing for a gay season at one of the watering places or at least for a trip abroad. It is so much more exclusive and aristocratic to go to Newport, Narragansett, Saratoga or Bar Harbor than to go to the beach every year or abroad. And it has got so now that it is quite possible for a girl to buy a nobleman right here, for there is a pool in Paris which furnishes money for such noblemen to come here as are all likely to please an American girl. How much he pays back to the pool I cannot say, but I suppose it must be a certain percentage of the dowry. At all the places where there is bathing the pretty suits which I shall now mention will be seen—when the water gets a little warmer.

The most refined—if one may use such a word in speaking of bathing

THE NEWEST OUTING HATS.

suits will be of black taffeta or of silk warp Henrietta. Few blue or other colors will be seen, but there is a wide limit to the colors one may have on them in the way of trimming. A favorite plan is to have crossbars of red, white or blue or yellow put along the hem and perhaps on the waist also. The sleeves are scarcely worth mentioning, as they are simple puffs across the shoulder, intended to leave the arms bare.

The skirts reach scarcely below the knees and are as scanty as they can be made in width and still allow free movement, so as not to impede the movements in swimming. All the bathing suits have the waist and skirt in one, and the ties are arranged to fasten securely to an underwaist of some kind.

Black stockings and canvas shoes and a cap of oilskin make up the bathing suit, but there is a long robe to put on on leaving the water. This is made of fancy Turkish towel or eider down. It is intended to cover the whole figure. Some ladies wear a hat into the water, but the real seaside belle prefers to tan all she can. When she comes home for the winter, she spends a small fortune in cosmetics to get the tan off.

In Newport the bathing dresses are often made in a most extravagant style as far as material and trimming are concerned, and one may see suits of white and cream colored serge, embroidered with the finest of work, but then these dresses rarely get wet. They are to look at and not to spoil in the sea. Looking at the question from all sides, human nature is the same all the time. Some like to be seen, and others prefer to be unseen, especially when they look better out of than in the water. One thing we may be thankful for, and that is that we see no more of those hateful old blue flannel horrors of yore.

Golfing suits are made so that they might just as well be intended for any other sporting costume, and the only thing about them different is the cap, and even that is worn for so many other occasions that it might be described as anything else. Still the golfing cape is a bright spot against a green field. And the girl looks pretty in it, so it has a reason for existence.

The new colors for winter and also early fall are so bright that a faint gleam of their brightness is already shadowed forth in the light wools for afternoons in the coolest days of summer.

There are some new hats made especially for outing, and they are, as the obliging gentleman said, "very various this summer." One style is called the Lady Smith and is somewhat like the British soldiers' helmets. The crown is rounded and the brim turned down slightly, while around the brim is a twisted drapery of soft faille ribbon. In white pique there are three or four shapes, though all are called alpine. Some of these are of duck and others of khaki, and the rest are of pique. The shape is just like the alpine that the men wear, and there is a soft black silk band laid in folds. Another Lady Smith hat has the round crown and brim, only this brim is turned down in front and up in the back. They are in jumbo straw and have rumpled and purged scarfs twisted close around the crowns.

Sailor hats are among the best liked of all the everyday hats for the seaside, for there is nothing about them to be hurt by the weather. There are long and short backed sailors, and they are strongly blocked and lined with sweater bands and have bands of thick grosgrain ribbon. Split straws in blue, black and brown are all very stylish for seaside, while the more delicate hats of all fanciful descriptions are suitable for Saratoga and other inland places. For those places where no fresh, strong breezes blow the wide leghorn and other kindred brims will be seen to almost the exclusion of the sailor and other outing effects. These will be covered with soft plumes mingled with bunches of delicately tinted flowers.

Rear Admiral Philip Dies.

New York, July 2.—Rear Admiral John W. Philip, commander of the Brooklyn navy yard, died there of a organic affection of the heart. A report was in circulation that Rear Admiral Philip might have been poisoned, but his physicians positively deny this. During the Spanish-American war Mr. Philip was in command of the battleship Texas, which participated in the destruction of Cervera's fleet off Santiago. In August, 1898, Mr. Philip was made a commodore and he became a rear admiral when the navy personnel bill was passed in the closing days of the last congress. June 5, 1899, he began active duties in command of the Brooklyn navy yard.

Takes Own Life to Meet Note.

Evansville, Ind., July 2.—George Bender, a liveryman of Tennessee, Ind., had a note of \$1,000 to meet. He had his life insured for \$1,000 in favor of his wife, and when the holder of the note called to see about the collection of it he found Bender hanging to a rafter in the barn, his body still warm. He was 35 years old.

CONTAGIOUS BLOOD POISON

Contagious Blood Poison is the most degrading and destructive of all diseases, as it vitiates and corrupts the entire system. The first sore or ulcer is followed by little red pimples on the body, mouth and throat become sore, the glands enlarge and inflame, copper colored spots appear, and hair and eyebrows fall out. These are some of the milder symptoms; they increase in severity, finally attacking the vital organs; the body is tortured with rheumatic pains and covered with offensive sores.

It is a peculiar poison, and so highly contagious that an innocent person handling the same articles used by one infected with this loathsome disease, may be inoculated with the virus. It can be transmitted from parent to child, appearing as the same disease or in a modified form—like Eczema or Scrofula.

Many an old sore or stubborn skin trouble appearing in middle life, is due and traceable to blood poison contracted in early life. You may have taken potash and mercury faithfully for two or three years and thought you were cured, but you were not, for these poisonous minerals never cure this disease; they drive it from the outside, but it is doing its work on the inside, and will show up again sooner or later. You may not recognize it as the same old taint, but it is. S. S. S. has cured thousands of cases of Contagious Blood Poison, and it will cure you. It is the only purely vegetable blood purifier known, and the only antidote for this poison. S. S. S. cleanses the blood thoroughly of every particle of the poison—there is never any return of the disease.

CURE YOURSELF AT HOME.

Send for our Home Treatment book, which gives a history of the disease in all stages, and is the result of many years of close study of blood poison and actual experience in treating it. You can cure yourself perfectly and permanently at home, and your secret is your own. Should you need any information or medical advice at any time, write to our physicians. They have made a life study of blood diseases, and will give your letter prompt and careful attention. Consult them as often as you please; we make no charge whatever for this service. All correspondence is conducted in the strictest confidence.
